

Sudoku Card

	2	4	
1			
			3
	1		2

Instructions

- This Sudoku game is for young children.
- A child can play many of these games until it becomes very easy. Once these are easy the child can move on to more difficult Sudoku games.
- Cut out the set of game numbers. Print the Sudoku card page.
- Place one of each number in each 4 x 4 box. Each row and each column should not have the same number.
- The child can paste the images on the card once it is done correctly.
- Children may like to save the finished games in a notebook.

Possible Solution

4	2	4	3
1	3	2	1
2	4	1	3
3	1	4	2
